<sup>1</sup> Data for Foothills was not provided for the "Timely Access to Care" measure. Data was merged with Smoky Mountain for the "Child Services in Non-Family Settings" measure.

<sup>2</sup> Data for Piedmont was not available except for the "Effective Use of State Psychiatric Hospitals" and "State Psychiatric Hospital Readmissions" measures.

<sup>3</sup> A checkmark in the column indicates the LME has met the performance standards for at least 65% of the critical measures, which is one of the requirements for consideration to receive single stream funding.

NOTE: LMEs highlighted in green font have met or exceeded the measure's statewide performance standard for SFY 2008. For the Effective Use of State Hospitals, Hospital Readmissions, and Child Services in Non-family Settings measures, performance should be at or below the SFY 2008 performance standard.
